CONGRATULATIONS!

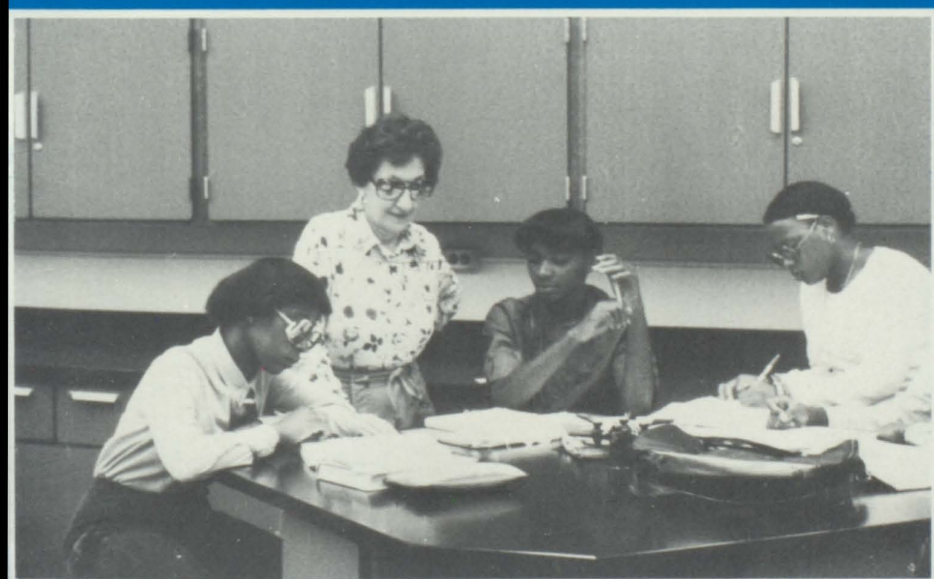

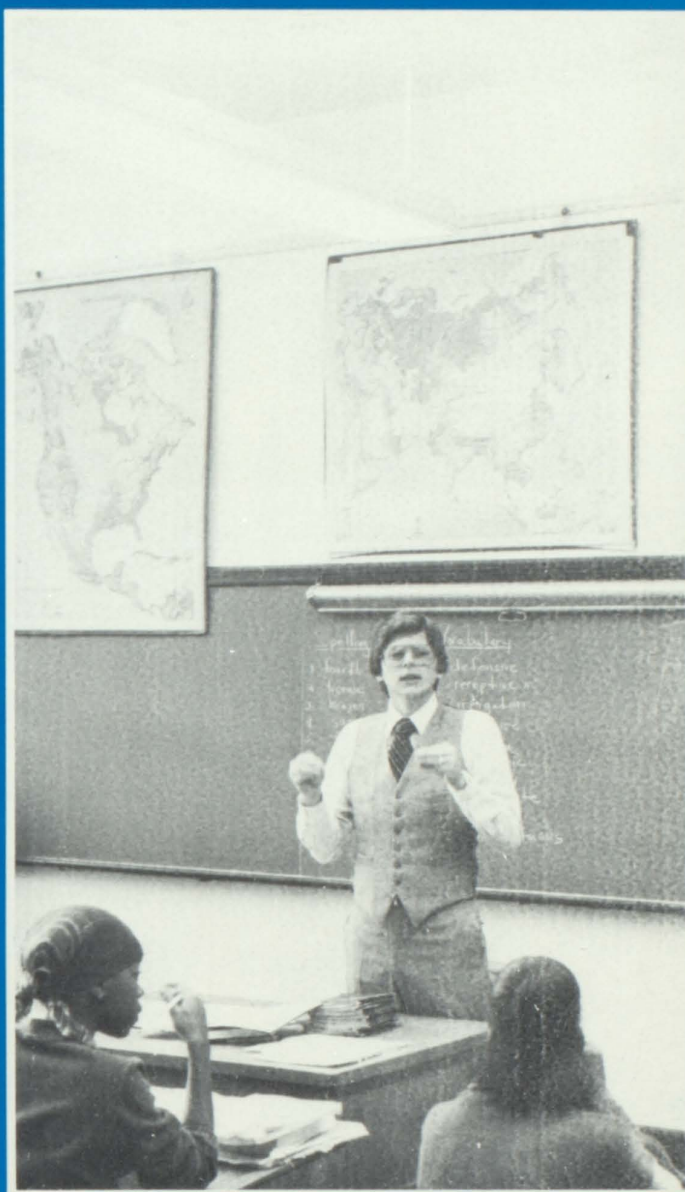

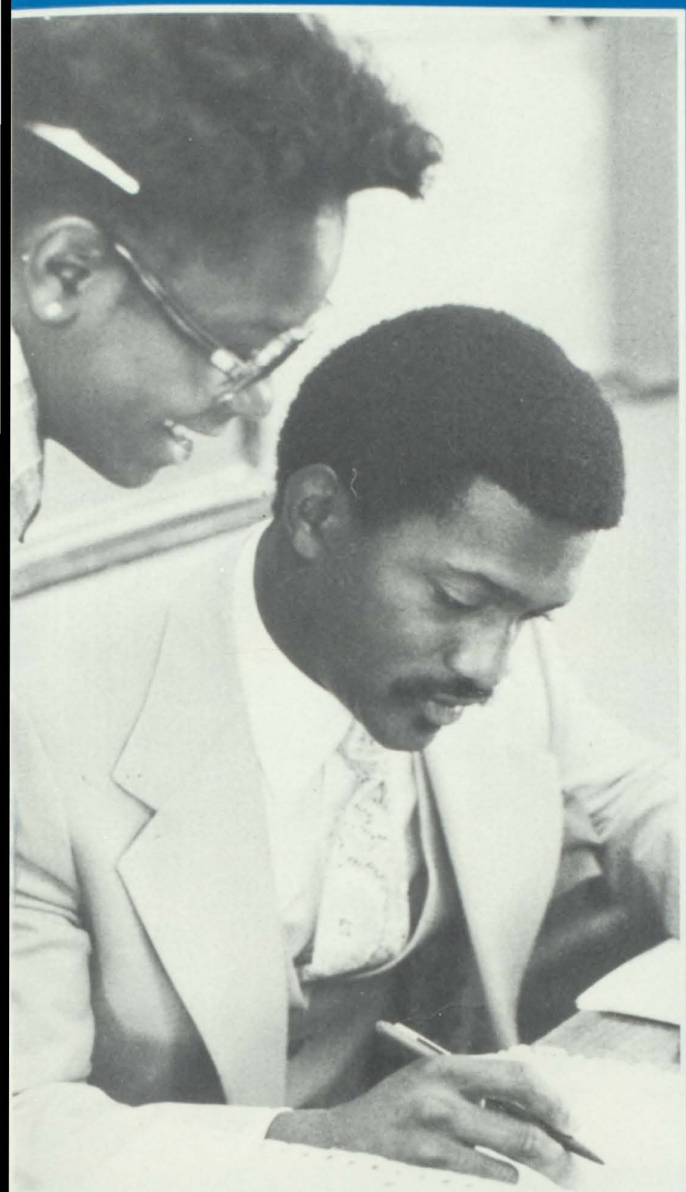

Central high school is personality, images and dreams;
it is not any one outstanding mural. It includes the
student body, teachers, school environment, individual
awareness and the way we respond to challenges. Self
pride, assertiveness and enthusiasm; these are the
attitudes through which our students view the world.
Central is the constellation of all these factors and
many more, which as a whole make up the unique
individuality of our school.

half asleep in the dawning of your knowledge.
If he is indeed wise he does not bid you enter the house of his
wisdom, but rather leads you to the threshold of your own

BUSINESS DEPARTMENT

The source of entry-level personnel for our city business establishments. The teachers are the most competent of staff members. They are dedicated to the goal of preparing our students for their active roles in society. Our special courses, Office Orientation and Work Study, do an extremely fine job in cultivating a work ethic. These students graduate knowing what is expected of them in their work. Our aim is for more students to take business courses because all students in college preparatory do not go to college or when through find a job in the business field.

MATH DEPARTMENT

The Mathematics Department of Central H.S. offers a diversified program. In addition to Algebra I and II, Geometry, Trigonometry and Introductory Calculus and General Math I, we also offer Technical Applied Math for the student who pursues a General or Industrial program. New this year is Algebra Hi for the more advanced Algebra I student and next year an Industrial Algebra is planned for the student who wishes to pursue a technical career.

SCIENCE

1. Physical Science introduces the young science student to the wonder of his physical surroundings. It is a course that presents information of science phenomena through many laboratory activities.
2. Biology presents fascinating facts about plants and animals, with much emphasis on MAN.
3. Chemistry combines many student lab experiences with lecture instruction to bring to the student explanations of matter and how different forms of matter interact with each other.
4. Physics relates to the students — through many individual experiences — the relationship among many types of energy such as Mechanics, Sound, Light, Magnetism and Electricity.

Central We Made It

Here we are, walking out
to destiny and new horizons
There you are hoping that
your star will be the one that's chosen.

If you have faith, hope
and charity; all you need
is time, just to face reality

Central We Made It.
Left each other on the way
to another love,
Central We Made It.
Or I thought so till
today . . . until you were there
ev'rywhere, and all I could see
was destiny before us.
Life's so strange;
playing hide and seek
with hearts and sometimes
hurting.
And we're the fools
standing close enough to
touch those burning memories.
But If we hold on for the sake
of all those times, hope will
get us through for because
the future dwells in our minds.

If you have faith, hope
and charity; all you need
is time, just to face reality.

STUDENT GOVERNMENT

The Central High Student Government of 1979-1980 consists of students who have volunteered their services to help promote a more positive image for Central. We have participated in the election of homecoming queen, we initiated an Education Awareness Week in which we honored individuals we felt had attempted to work with Centralites in creating this positive image. The recipients were Essex County Executive Peter Shapiro, Mrs. Laura Baker, and Mrs. Joyce Moore. We also initiated a poll for teachers. And we participated in the voter registration drive held January 8, 1980. This has not been an easy year to motivate student involvement, but we feel with five months left, there still is time to try.

THOUGHTS FROM A CENTRAL GRADUATE —

As a single little Frosh, I remember well
My first day at Central, and thought it swell
That now, in high school, I shall take my place,
As a young adult, I shall set a strong pace
To establish goals, set for a bright career,
To prepare for it thoroughly in the next four years.

With pep, vim and vigor, I took to the books,
On those Science experiments I became hooked,
Reading tales of Greek gods was really great fun,
But 'twas on Algebra that I truly got hung.

Gym classes taught me to appreciate great sports,
Art and music offered experiences of an emotional sort,
While Shop and Home Ec. produced practical frills,
Typing, Bookkeeping and Steno developed secretary skills.

All these and more filled my freshman year,
With a love for learning that I'll always hold dear,
So much "into the books" was I that I thought it contrived,
When an announcement was made that June had arrived.

As a Sophomore student I thought I was smart,
And believed that I knew all of the Sciences and Arts,
But as I proceeded to further explore,
I felt that for me there was lots more in store.

As a Junior then I continued to be
Curious of all that was offered to me,
Absorbing, enjoying and bringing to mind,
What vocational aims I should seek and find.

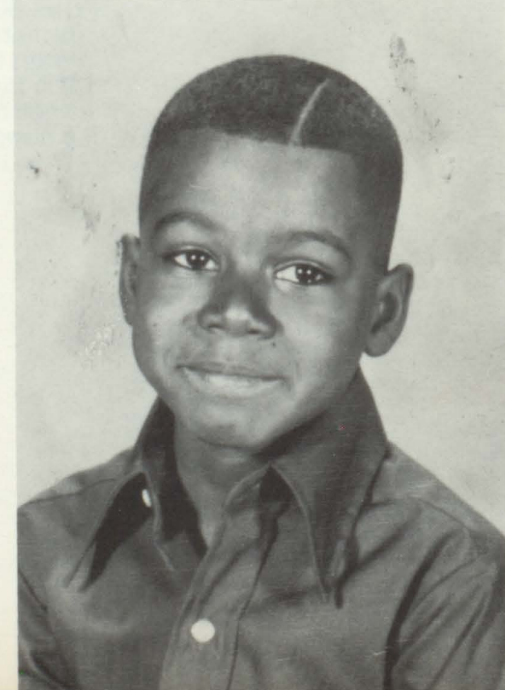

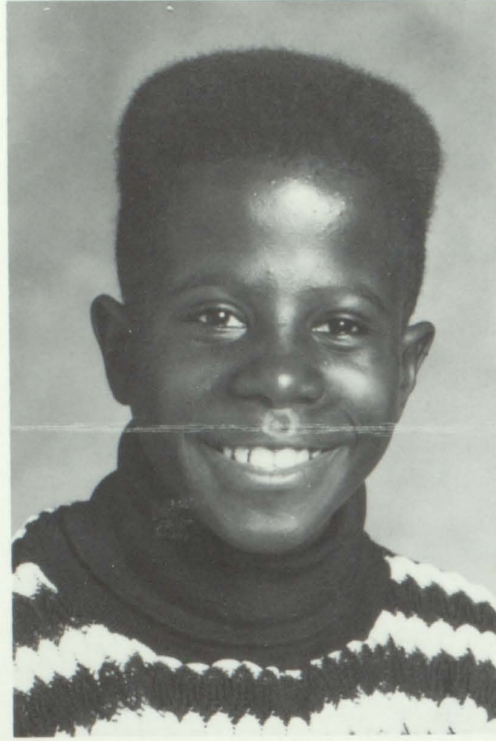

When all too soon, my last year came by,
Indeed, a sophisticated senior was I,
Concerned with the yearbook and SAT's
with job seeking and college application fees,
Prom preparations took much doing too,
Along with seeing my studies through
To the ultimate, glorious "End-of-the-way
The final goal of my efforts — "GRADUATION DAY."

POST SCRIPT:

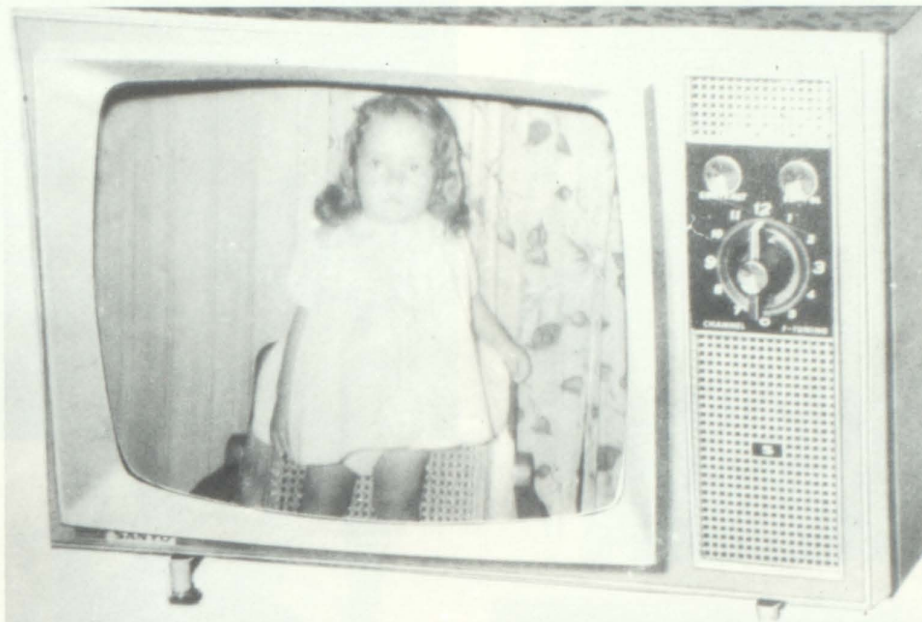

Is that the way it was, or the way it should have been?
Was I faithful to my studies or did I intellectually sin?
If in truth, I did progress as these rhymes did describe,
Then future success for me is certainly prescribed,
If however the tale is but mere fantasy,
Then I truly know not what the future holds for me.

Come Fish With Me

Come fish with me this morning dear,
And we will kill twelve cans of beer,
And as we row across the steam,
We'll eat three quarts of peach ice cream,

And when we reach the crowded toll,
We'll have a burger on a roll,
We'll eat some hotdogs, chips and some fries,
And for dessert two apple pies.

Come fish with me this morning dear,
for as long as you're with me you'll
have nothing to fear.

When You're In Love

The sun shines even when it's cloudy,
the nights you're alone are no longer lonely —

Fools can even feel the hurt and pain,
but you and I know there's no need to be ashamed —

Because when you're in love,
you always wear the Silver Gloves —

Decembers' as warm as the middle of May,
just like the one I love is so full of play —

The times we spend together are of such joy,
cause when we're together it's good times for not
one of us, but both of us, I'm sure —

Because when you're in love,
you always wear the Silver Gloves —

Love is not all about getting his money,
like it's not all about getting her honey —

Never take the words I Love You for granted,
because you'll find that they are so romantic —

That's why I say when you're in love,
You always wear the Silver Gloves —

Wearing Someone Else's Ring

I feel so very strange
I want to escape
the pain of renting
and not being able to have,
that thought of knowing She's
there and I'm not.
It's not a situation
I could just up and stop.
But yet I'm Rapped all around
him and he around I
We can't escape reality,
that man just isn't mine.
He may be there through thick
and thin,
Standing tall by my side
but when push comes to shove
She's still his bride.
Just sit and think about
What it would bring.
Due to the fact that she's
wearing his ring.
She's able to stand tall and
sing that man is mine, he's
mine! he's mine!!
If ever there came a time
to decide I would be put
aside because that lady
is still his bride.

PEOPLE

PEOPLE HERE, PEOPLE THERE
MORE PEOPLE THAN I CAN BEAR.
WALKING THROUGH THE HALLWAYS,
WALKING UPSTAIRS
ALWAYS SEEING THE GREEDY BUNCH THERE
CAFETERIA FULL ONE PERIOD TO ANOTHER,
CAUSE THE GREEDY BUNCH EATING ONE LUNCH
AFTER ANOTHER.
"THE MIGHTY BLUE DEVIL'S ON THE GO
PEOPLE STANDING, PEOPLE CHEERING
TO SEE THE CLASS OF "80" LEAVING.
PEOPLE TRYING TO CELEBRATE,
SENIORS WONDERING HOW THEY'RE GOING TO
GRADUATE.
TO THE GREEDY BUNCHES,
THERE'S NO MORE OF CENTRAL'S LUNCHES
TINKERBELL JAMMING TIME AFTER ANOTHER,
TYRESS SCORING TO PLEASE THE OTHERS.
CENTRAL'S BASKETBALL TEAM ON THE MOVE,
WHILE COACH DANIELS PRAYING THAT HE WON'T
LOSE.

BY RAHIM MITCHELL

The Way Life Works

We argue and fight but at the end
neither one is really right
We make-up and then become friends
then we wish that things would never end,
I like you and I know you like me too
but I can't tell by some things you do.
You're not perfect and I'm not either
but to me no one in this world is
perfect neither.
But I also like the things you really say
and how you try by going out of your way.
You are a nice person to be with just
like God have gave me a gift.
We have to look in the future and
not in the past and be happy at the things
we have.
I have you and you have me and that's the
way we want it to be.

Vicki Plowden

Central So High

As Central awakes at earth,
A new life and hope at birth,
May you know all the fun and love,
Of the Central that's up above.

The Beautiful at Central
Beautiful rays of shimmering light
all I could say
It makes Central so bright,
The luminous gold,
It's all at Central
One heart can hold!

GOOD LUCK IN THE FUTURE

THE ARMY'S GIVING GUARANTEES.

The best way to get what you want out of the Army is to get guarantees going in. With the Army's Delayed Entry Program, you can.

THE SKILL YOU WANT

The Army has hundreds of skills to choose from. And the Delayed Entry Program lets you choose the training that makes the most of your qualifications and interests.

You get written guarantee that a space will be reserved for you. Then, you can take up to a year to report for duty.

THE PLACE YOU WANT

Or you can choose your first duty station or specific unit. The Army has posts throughout most of the continental United States, in Alaska, Hawaii, Panama, Korea and, of course, Europe. If there's an opening, you can get a guarantee.

PEACE OF MIND

It's nice to know what the future holds. And the Delayed Entry Program lets you finish your senior year in high school knowing that your future is guaranteed.

To find out more about the Delayed Entry Program, call your local Army Recruiter.
